

Cyber Risk Management

Brochure

Simplification. Assurance. Resilience

Insider and external threat intelligence integrated with risk to drive automated actions

An exceptionally adaptive and simple to use platform created by risk, identity and security professionals

TruOps Cyber Risk Management empowers businesses with a holistic, intelligent and real-time view of risks and threats across your IT operations, security operations, digital, third parties, compliance, governance, BCM/DR and audit.

A critically acclaimed Cyber Risk Management Solution

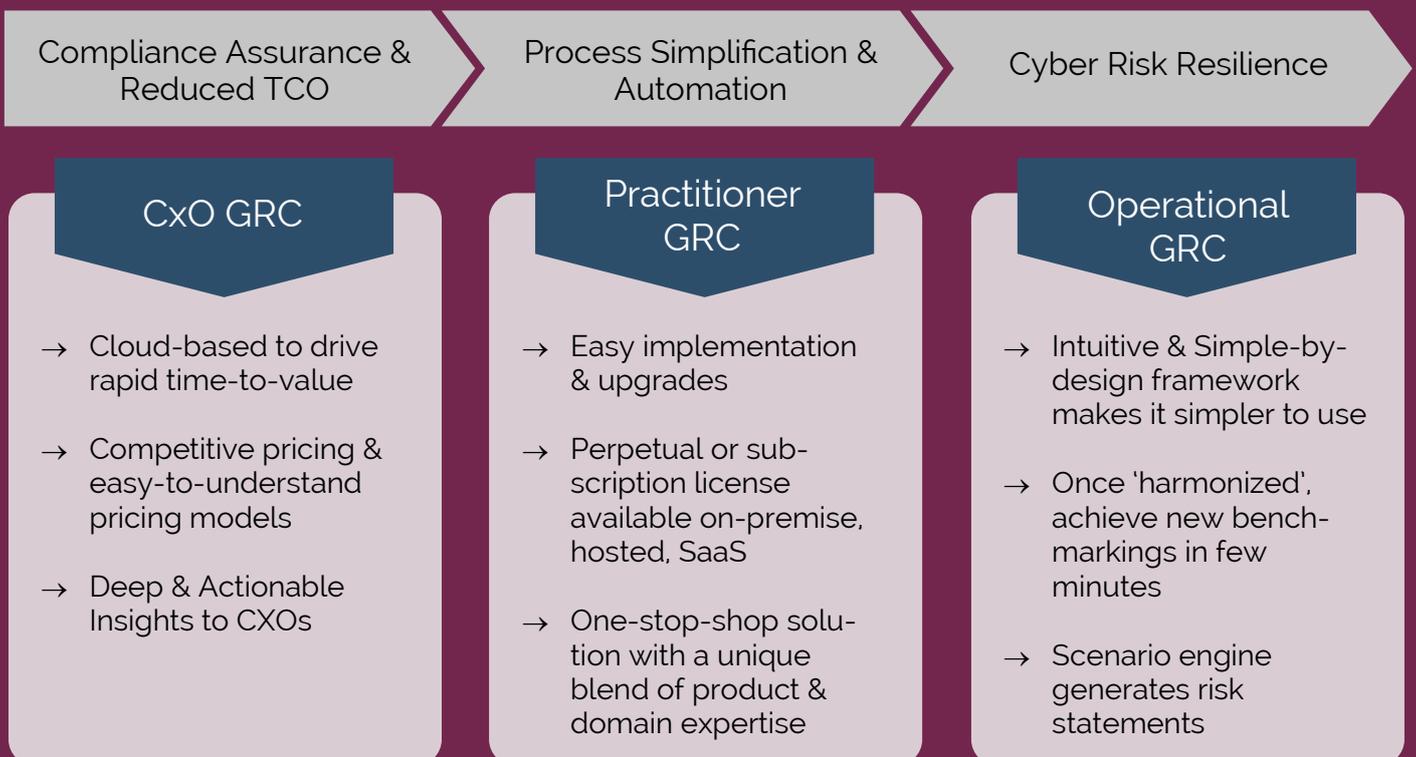

Gartner recognizes TruOps in its Critical Capabilities for IT Risk Management Solutions

Gartner

Recognized as one of the 20 most promising GRC solutions in 2018

CIOReview

Delivering TruValue to everybody-GRC

Born out of real challenges faced by GRC stakeholders, TruOps was built with the users in mind, with a foundation of firsthand industry knowledge and experience.

Software+Technology

The TruOps team has more than 25 years of industry expertise and is made up of passionate technologists. TruOps software solutions are always improving and growing with industry changes and requirements, ensuring you are getting the best value for your money.

Software+Integration

The TruOps fully integrated solutions guarantee that existing solutions are not impacted by the implementation - all of your data is integrated into your new solution. Dedicated support specialists are engaged before, during, and after the implementation process to make the transition seamless.

Software+Consulting

TruOps offers more than just software. Leading Industry technologists provide consulting services on everything - from implementation of best practices to selecting the departments to be included in the implementation process.

Software+Managed Services

A partnership with TruOps provides a relationship with SDG managed services for ease of implementation.

Software+Refinement

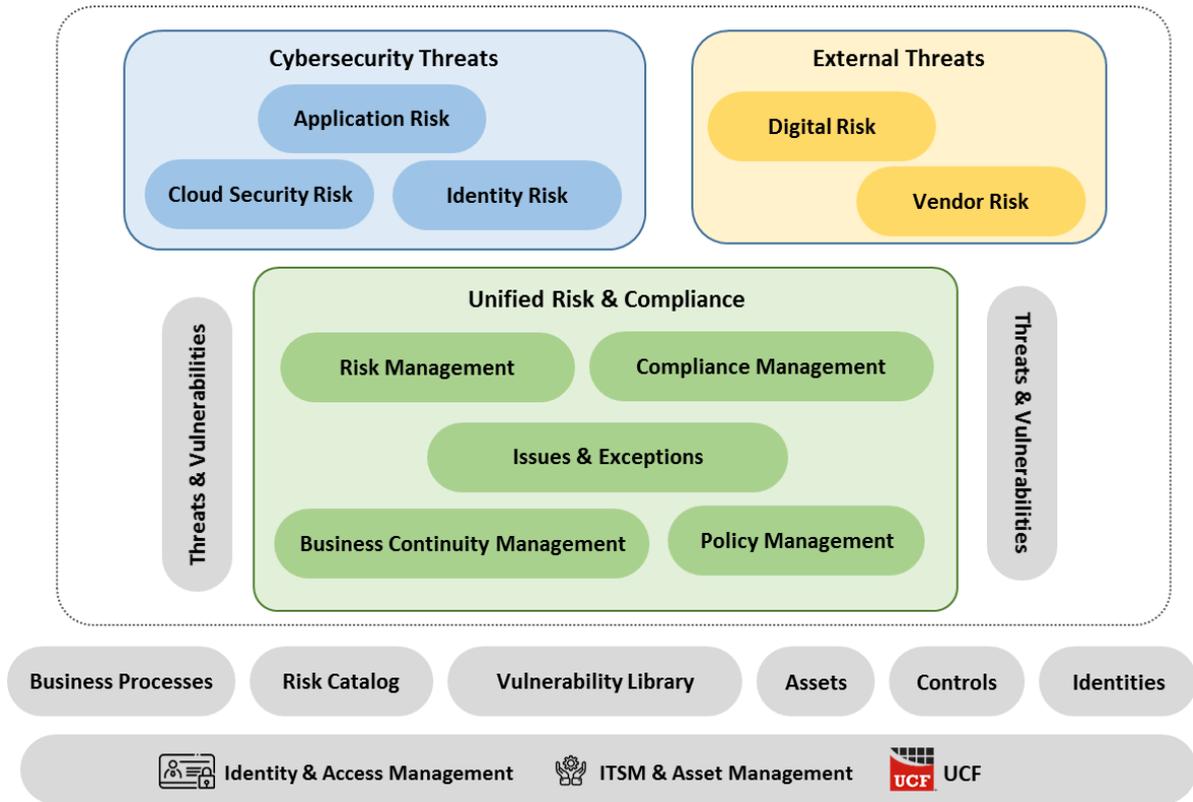

TruOps' boots-on-the-ground developers make modifications to ensure the system fits your specific needs.

Customer Success

- Automated the risk assessment of 3000 mission critical applications across 14 business units
- Balanced Scorecard – Metric reporting process time reduced from 2 months to 2 weeks
- Reduced the end-to-end audit process time from 9 months to 6 weeks
- Deployed an Integrated Risk management solution in just 6 weeks and strengthened the risk & compliance posture with automation
- Expedited executive decision making with actionable intelligence & interactive dashboards

A Comprehensive Cyber Risk Management Solution

The Next-generation Risk Cloud

About TruOps

TruOps was founded to deliver an integrated security, risk and compliance management cloud-based platform to address the challenges of over engineered, complex GRC implementations. TruOps is an exceptionally adaptive and simple to use platform created by risk, identity and security professionals. The software uniquely combines risk management with insider and external threat intelligence to give enterprises a holistic view of risk. TruOps is headquartered in Norwalk, Connecticut.
